

On-Line Result Entry Manual

The On-Line Result Entry is part of the TROLS (Tennis Results On-Line System) and is designed to allow clubs to entry the results of competition matches. This means less work for the association record secretaries, and allows collection of individual player statistics.

To access the Club Contacts database you should have a modern Browser:

- Microsoft Internet Explorer 5.x, or higher
- Opera 7.x, or higher
- Firefox 2.x or higher

The browser must have javascript enabled.

Here's how it works.

1. Obtain a Userid and password either from your club official, or, if no-one from your club has a Userid, contact Jillian Sanders at jillian.sanders@bigpond.com. Anyone who is registered as a club official, and can log into the system can allocate a Userid and password to any new user within their club.
2. Log on to **www.trols.org.au/brta** and click on "club zone", or via the link on Bayside Regional Tennis web-site.

3. Enter your Userid and Password.

The functions within this site work best when viewed with
Internet Explorer 5.0+ or Opera 7.0+ or Firefox 1.0+
